To the President/Secretary General/Chairman

Date: 2 July 2019  
Subject: EAU Crystal Matula Award 2020

Dear Colleagues, dear Friends,

I herewith kindly invite you to give us your proposal for candidates for the EAU Crystal Matula Award 2020.

The EAU Crystal Matula Award is the most prestigious prize given to a young promising European urologist aged 40 or under who should have the capacity of becoming – or is already considered as – one of the future leaders in academic European urology. This award is the European counterpart of the AUA Gold Cystoscope Award.

Candidates for this award should be endorsed by a general agreement of its national urological association. Hence, the proposal should be done through the national urological society by supplying the following documents:

- Letter of endorsement
- Motivation letter
- Complete curriculum vitae
- List of publications in the below sequence:
  1. Peer reviewed papers (including the impact factors of the journals)
    - original articles
    - reviews
    - case reports
  2. Book chapters or editor of books
    - overview of grants received from (inter-)national institutions or from the industry
    - list of received Awards

Please note that individuals can apply as well but they also need to be endorsed by the national society. The EAU Executive will then do the final selection and announce the EAU Crystal Matula Award 2020 recipient at the upcoming EAU Congress, which will be held in Amsterdam from 20-24 March 2020.

../..

Previous winners of the EAU Crystal Matula Award:

1996 Paris	F.C. Hamdy, Oxford, United Kingdom
1998 Barcelona	F. Montorsi, Milan, Italy
